## RAPE AGGRESSION DEFENSE

### CLASSES AVAILABLE NOW

R.A.D. (Rape Aggression Defense) is a **FREE** 12-hour comprehensive women's self-defense course that starts with awareness, prevention, risk reduction and avoidance, and progresses to the basics of hands-on defense training. R.A.D. is taught in three 4-hour blocks. The program begins with a classroom discussion of risk reduction, defensive strategies and the basic principles of self-defense. Students are then introduced to hands-on defense training. The techniques are based on simple gross motor skills and are developed to the point that they become instinctual through repetition. Practice, practice, and more practice! During the final session, students will participate in simulated assault scenarios involving full contact with R.A.D. instructors who wear state-of-the-art protective gear specifically designed for this training. Women will be able to utilize their skills in a safe training environment monitored by instructors.
